

Bachelor of Science in Business

The accelerated Bachelor of Science in Business degree is designed for working adults in business-related fields who want to ignite their minds and advance in their professions. The program strengthens and refines critical skills, and increases knowledge of the principles and techniques of sound business practice by offering students the opportunity to develop a broad range of business skills built upon a solid liberal arts foundation.

CAREER OPPORTUNITIES

Graduates of this program are uniquely prepared for careers in a variety of fields including manufacturing, retail, health, housing, recreation, transportation, administration, banking, public safety, health services, religious organizations and education.

GETTING STARTED

Admission into one of Spring Arbor University's degree completion programs requires prior completion of 58 semester hours. Hours can be earned through testing and approved courses taken at other accredited institutions.

- 1 | Submit completed application, \$30 application fee, autobiographical outline and writing sample. (If you apply online, we waive the fee.)
- 2 | Send your official transcripts from each college you have attended (must be official transcripts issued by the institution).
- 3 | Complete financial aid information such as the FAFSA, student loan request forms and employer assistance forms, if applicable. Our admissions specialists are available to help if you have any questions.

Please note, additional requirements specific to individual programs may be required. For the most up-to-date application details, contact an admissions specialist.
