Alumni Program

for Spring Arbor University

In 1995, the idea for starting a gift basket company was shared with friends — who also happened to be sisters. Today, we are pleased to partner with Spring Arbor University — and parents like you — who want the best for your son or daughter.

You can count on BasketSmiths for a gift that shows you know what gift-giving is all about. BasketSmiths. Thought counts.

Send one to the SAU student in your life today.
